Delock Ergonomic vertical optical 5-button mouse 2.4 GHz wireless - Silent

Description

This wireless vertical mouse by Delock is suitable for right handers and will be connected to the computer via the compact USB receiver. During transport it can be placed inside a compartment at the bottom of the mouse. The 2.4 GHz wireless technology provides a maximum operating range of up to 10 meters. Due to its ergonomic design, the hand remains in upright position and does not have to be turned. Thus the mouse can be used preventive or with starting pain e.g. RSI (Repetitive-Strain-Injury).

Silent working

Whether e.g. in an open plan office or at home, the Delock mouse provides, due to its silent left and right button, almost noiseless and pleasant working on the computer. Also the click feel of this mouse does not change, despite its reduced click sound.

Item no. 12622

EAN: 4043619126224
Country of origin: China
Package: Retail Box

Specification

- Connector: 1 x USB 2.0 Type-A male
- Compact nano USB receiver
- For right handers
- 3 power saving modes
- 4 standard buttons, 1 scroll wheel
