

# **Delock Experimental Breadboard 630/200 contacts**

## Description

This experimental breadboard by Delock enables a fast solderless assembly of electronic circuits. The circuit can be changed by simply repositioning the components.

#### To be used for various applications

This breadboard is suitable, for e.g. switching tests, PCB projects and various craft projects.

#### Ideal for test setups

The breadboards are often used in the hobby sector, in the laboratory, in industry and also at schools or universities, as the assembly is quick and no soldering is necessary.

#### Simple application

The experimental breadboards have an adhesive sticker on the bottom side, to mount it easily to any smooth surface and removed without leaving any residue.

#### Item no. 18313

EAN: 4043619183135 Country of origin: Taiwan, Republic of China

Package: White Box

### **Specification**

· Connectors:

1 x terminal strip: 630 contacts 2 x distribution strip: 200 contacts

· self-adhesive

· Material: plastic

· Colour: white

• Dimensions (LxWxH): ca. 165 x 55 x 9 mm

## Package content

Experimental breadboard

## **Images**

## Interface

Connector 1:	1 x terminal strip: 630 contacts
Connector 2:	2 x distribution strip: 200 contacts

## **Physical characteristics**

Material:	Plastic
Length:	165 mm
Width:	55 mm
Height:	9 mm
Colour:	white
