

Delock Cable tie with edge clip L 200 x W 4.8 mm black 50 pieces

Description

These special cable ties by Delock are suitable for fixing and guiding cable harnesses and cables along edges. For the right position of the cable tie, the clip can be moved along the cable tie. The cables can be guided above or to the side of the edge.

Practical solution for guiding cable harnesses

The combination of holder and cable tie is the optimal solution when drilling is not practical and adhesives are not applicable.
