

Delock Universal Mobile Phone Holder mini 4 in 1 anthracite

Description

This **4 in 1 mobile phone holder** by Delock serves as a small practical help when using a mobile phone and is suitable for all smartphone models. The mobile phone holder can easily be attached to the back of the phone using the **adhesive pad**.

Car holder

With the help of the **rubberized slot**, the mobile phone can be easily fastened in the ventilation shaft of the car and easily removed with one hand.

360° flexible rotation

Another function is the **360° rotation**. Thus the mobile phone can be positioned vertically or horizontally in the car.

Finger ring and stand function

By opening the retainer, it can also be used as a **finger ring or stand**. So the mobile phone either lies comfortably in the hand or can be set up directly, e.g. to watch videos. The finger ring is ideal to improve the range of the thumb and to protect the phone from accidental falls.
