

Delock Solder wire connectors waterproof set 50 pieces 26 - 10 AWG assorted colours

Description

These waterproof solder wire connectors or heat shrink connectors by Delock are perfect for connecting, soldering, insulating and sealing wires in one step.

Selection of different sizes and colours

This set includes wire connectors with 4 different diameters and 4 different colours for easy differentiation and identification.

Application of solder wire connectors

The stripped wires can be simply placed to the solder sleeve, fixed and heated with a heat gun. After cooling, a waterproof insulation forms around the solder joint and ensures a strong connection of the wires. The wire connectors ensure high tensile strength, tear resistance and protect against mechanical damage.

Multifunctional application

The solder wire connectors are ideal for electricians, craftsmen, for repairs of devices at home or in the workshop.

Item no. 20850

EAN: 4043619208500

Country of origin: China

Package: Box

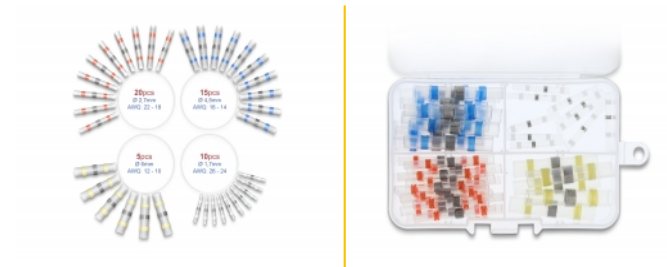

Specification

- Content:
 - 10 x diameter 1.7 mm, AWG: 26 - 24, white
 - 20 x diameter 2.7 mm, AWG: 22 - 18, red
 - 15 x diameter 4.5 mm, AWG: 16 - 14, blue
 - 5 x diameter 6.0 mm, AWG: 12 -10, yellow
- Shrinkage ratio 2:1
- Shrinking temperature: 60 °C ~ 125 °C
- Solder melting temperature: 138 °C
- Material: polyolefin
- Box dimensions (LxWxH): ca. 105 x 65 x 23 mm

Package content

- 50 x solder wire connectors
