

Delock Strain relief for RJ45 plug cuttable set 50 pieces coloured

Description

This strain relief by Delock protects the cable end at the RJ45 plug from damage or abrasion and prevents heavy tensile strain on the cable.

Cable diameter can be individually cut

The strain relief is suitable for RJ45 cables with an outer diameter of 5.5 mm to 7.5 mm. The outer diameter can be individually adjusted, so only one strain relief is needed for the different cable diameters.
