# Delock RJ45 Network Cable with USB Type-C™ port finder function Self Tracing Cat.6A S/FTP 2 m orange

Description

This network cable by Delock can be used to connect different networking devices, e.g. a NIC to a switch or a patch panel.

With USB-C™ port finder function
The network cable is equipped with a port finder function that enables quick and easy identification of the cable for tracing the cable route. When power is supplied to the USB Type-C™ socket, flashing LEDs on both RJ45 plugs signal their location. This patch cable is particularly suitable for use in office environments, industrial facilities and data centres.
