

Delock SATA 6 Gb/s Cable UV glow effect green 70 cm

Description

This SATA cable by Delock enables the internal connection of various SATA devices, e.g. HDDs, controller cards or flash memories. The metal clips on the connectors ensure that the cable reliably clicks into place.

UV glow effect

The cable glows under ultraviolet light, e.g. under a UV fluorescent tube, and is therefore a real eye-catcher in any modding PC case.
