Delock SATA 6 Gb/s Cable straight to left angled 50 cm red

Description

This SATA cable by Delock enables the internal connection of various SATA devices, e.g. HDDs, controller cards or Flash memories. It complies with the latest standard and provides a data transfer rate of up to 6 Gb/s. It is downwards compatible to the previous SATA versions, but can then only reach the respective transfer speed. When connecting this cable to a HDD the cable will be lead to the left. The metal clips on the connectors ensure that the cable reliably clicks into place.
