

# Delock Ultra High Speed HDMI Cable 48 Gbps 8K 60 Hz 5 m

# **Description**

This high-quality Ultra High Speed HDMI cable by Delock can be used to connect devices with an HDMI interface, such as televisions, Blu-ray players, monitors or projectors. By supporting a maximum bandwidth of 48 Gbps, content can be displayed in 8K Ultra HD (7680 x 4320 @ 60 Hz) resolution.

Supporting Dynamic HDR and Dolby® Vision, the cable is ideal for home cinema and gaming applications. Colours are realistically displayed with impressive depth, brightness and contrast are optimally reproduced.

#### Perfect sound with eARC support

The Delock HDMI cable supports Enhanced ARC (eARC). This allows HDMI devices such as Blu-ray players to be connected directly to the TV. The uncompressed audio signals are then transmitted directly and lossless to the connected sound system via the audio return channel.
