Delock Network Parallel Pliers 11 - 32 mm

Description

With this tool by Delock a network cable can quickly and easily be connected to a Keystone module or a field assembly plug. Two different openings with 11 and 32 mm are available for this purpose.

Parallel pliers
Due to the parallel mechanics of these pliers, plugs and modules can be pressed gently and securely.

Versatile
The tool is also suitable for all comparable products. At the same time it can be used like a wrench for screws and nuts of sizes M8 to M22.
